

Attention Residents of Belton

FREE Home Pickup Program For Household Hazardous Waste*

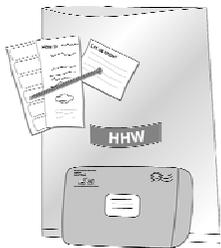

Clean out your garage and storage areas today! As part of the residential solid waste contract with Waste Management, residents of Belton will have a NEW avenue to dispose of their Household Hazardous Waste (HHW). The residential HHW collection program, offered by Waste Management provides for year-round door-to-door collection events beginning in January 2011. You will be provided door-to-door service to collect your HHW items. To participate, you must contact the Call Center (1-800-449-7587) to set up an appointment.

See types of materials collected on the chart on the reverse page.

HOW DOES IT WORK?

1.) Call 800-449-7587 to request a collection:

When you call the collection hotline, you will be asked several questions, including your address and the type and amount of materials available for collection. You can also set up an appointment by email, hotline@curbsideinc.com.

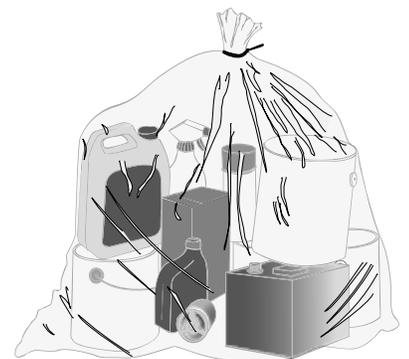

2.) A collection date is scheduled and a kit is shipped:

The collection hotline operator will fully explain the program, schedule a convenient collection date and discuss where to place the kit for collection.

3.) Preparing for Collection:

The kit includes a program instruction sheet and other items to help pack and secure HHW. All materials such as gasoline, poisons, pesticides and aerosols must be placed into the kit. Other items may be placed outside the kit.

4.) HHW material is collected:

On the scheduled date, the customer service technician will collect materials directly from your home. They will sort and pack the materials for proper disposal. Participants will receive a postage-paid survey card to complete and mail to your City to help track the program.

The call center will guide you through the steps toward a safe and successful collection. If you have any questions, please call: **TOLL FREE (800) 449-7587** Monday through Friday 8:00 AM - 5:00 PM. Leave a message after hours, on weekends and holidays.

E-mail: hotline@curbsideinc.com.

This chart shows the types of acceptable materials that must be placed inside the kit bag for collection, plus those items that are acceptable but may be placed outside the kit bag.

Examples of Acceptable Items that <u>MUST</u> be placed inside the Bag		Items which may be placed OUTSIDE OF THE BAG (Place no other waste outside the Bag)	
Garden Chemicals	Thermometers	Material: ↓	Maximum Amount: ↓
Solvent	Batteries	Auto Batteries	Up to 4
Oil-Base & Latex Paint	Metal Polish	Fluorescent Bulbs	Up to 10
Aerosols	Pool Chemicals	Televisions	1 Each
Cleaners	Adhesives	Computer Monitors	1 Each
Antifreeze	Used Motor Oil	Consumer Electronics with Circuit Boards	No Limit See Instructions sheet for details.
Sharps — placed into a sealed rigid plastic container (needles, lancets)	Poison		No lamps, appliances or exercise equipment, etc.

MATERIAL THAT WILL NOT BE COLLECTED: We **do not** collect ammunition, medicine, explosives, asbestos, or any materials in unlabeled or leaking containers. If you have questions about proper disposal methods for non-acceptable items, commercial chemicals or hazardous materials in containers larger than five gallons in size, **please call the hotline (800) 449-7587**.
